

Town of Mansfield Traffic Authority
Minutes of the Meeting
April 27, 2010

Present: Hultgren, Padick, Meitzler

The minutes of the March 23, 2010 meeting were reviewed and no changes made.

Pedestrian awareness campaign – Hultgren has continued to request coordination with UConn for a joint program of pedestrian safety marketing. A new traffic/pedestrian safety consultant has been recently hired to assist the UConn Police in reviewing final pedestrian safety recommendations. Hopefully some type of awareness campaign will follow – Hultgren will continue to try to establish this program.

Storrs Road preliminary design plans – The revised PD plans and response comments have been received. Hultgren will email them to Authority members for comment.

Speed limit changes on Cedar Swamp, Brookside and Highland Roads – further review of Cedar Swamp Road by the DOT is still pending.

Federal Policy Statement on Bicycle and Pedestrian Accomodation – for information only.

2nd Annual Wootten Memorial Road Race @ EO Smith on June 5th – Approved with the usual conditions about coordination with the Resident State Trooper's office on all traffic control measures.

Closed circuit TV Cameras at Mansfield Road/195 signal – letter from DOT received suggesting a joint public hearing with UConn on the matter. This has not yet been scheduled.

Memorial Day Parade Route – The closing of Bassetts Bridge Road, Route 195 between Cemetery Road and Bassetts Bridge Road and Cemetery Road was authorized for 9:00 AM on the morning of the Memorial Day parade.

Tri-State (bike) Trek – The route was authorized as per previous years with the condition that all traffic control matters in Mansfield be coordinated with the Resident State Trooper's office and UConn Police as appropriate. Some minor errors in the route were noted and will be forwarded to the organizers for correcting.

Respectfully submitted,

Lon Hultgren
Director of Public Works
